CITY AND DISTRICT.

Two Papers of Interest.
At the next meeting of the Columbia Historical Society, which will be held Monday evening at 8 o'clock in the banquet hall of the Shoreham Hotel, two papers of interest will be read. Miss Virginia Miller, the daughter of the late Dr. Thomas Miller, and the granddaughter of Walter Jones, who was a prominent member of the society, will give some incidents in the career of her distinguished father. The writer will also read many interesting reminiscences of the city, and especially of F Street when it was a residence street.

Dr. Marcus Benjamin of the Smithsonian Institution will read a paper which will aim to give the traditional, as well as the historical, grounds for the name of Gen. Braddock landed his expedition at what is known as Braddock rock, on the river front, at the old naval observatory property. There has been of late years some doubt expressed as to the exact landing place of this expedition, which came to this vicinity in the year 1755.

Effects of Modern Firearms.

An exhibition of firearms was made, illustrating the evolution of guns from the first invented up to the present. Dr. M. Kober and L. A. Lagarde spoke on this topic. Dr. C. M. Borden and E. L. Munson, F. S. Smith and J. H. McCormick also spoke. Dr. C. M. Borden and E. L. Munson, F. S. Smith and J. H. McCormick also spoke. Dr. C. M. Borden and E. L. Munson, F. S. Smith and J. H. The first quarterly dividend on the preferred stock is expected to be payable August 1 next.

Agreement in Settlement.
In the case of Alice Ellsworth, by her next friend, Leslie Ellsworth, against the Columbia Railway Company, the jury late yesterday afternoon reported that it was unable to reach an agreement, and was discharged. The plaintiff's suit at law to recover \$2,000 damages for injuries sustained by her while traveling as a passenger on a car of the defendant company, in August, 1897. The case was on trial for several days before Justice Hagner in Circuit Court No. 2. The jury retired yesterday afternoon, but after deliberating three hours reported, as stated, that an agreement was impossible.

FARRAR SONG RECITAL. Miss Geraldine Farrar could not have reasonably expected a larger or more appreciative and friendly audience than attended her first song recital at the Lafayette Square Opera House last night. It is true also that the young singer fulfilled expectation. Not only was she considered a phenomenal solo singer, but there is a maturity and development of her voice hardly to be expected. If she fails of success either on the concert or operatic stage it will be a great disappointment to her friends, who are enthusiastic for her better course. There is much yet for her to learn, but with her piquant face, complete ease of bearing and vibrant voice she should overcome obstacles. Newell Whitney Mansfield, who assisted Miss Farrar, proved himself an admirable pianist. He handles the instrument with commanding poise. His touch is firm and well directed. Prof. Anton Gietzner of this city was Miss Farrar's accompanist, and he is a very simple thing, and requiring a large and clever company to interpret all the variety of her songs. "A Daughter of Home." The very title is suggestive of endless amusement to those acquainted with Mr. Gietzner's subtle humor and knack of getting the seemingly ordinary domestic affairs, as in his latest success, "Because She Loved Him So," which is a revelation story in the form of a drama. "All the Comforts of Home" is a domestic comedy in four acts, full of complications evolved from a comparatively simple theme, and requiring a large and clever company to interpret all the variety of her songs. Following the line of light entertainment suitable to the season, of which "Lost, Found and Forgotten" was the first, the Frawley company will next week present that most laughable of William Gillette's comedies, entitled "All the Comforts of Home." ELEVEN ONLY IN THE LINE.

Short List of Prisoners Arraigned This Morning in Police Court.

Officer Flynn Undertakes to Account for the Lack of Numbers—The Offense Charged.

Eleven prisoners were in Judge Kimball's procession this morning, and Police Officer Flynn admitted he could not account for so small a number, unless it was that last night's weather kept the violators of law off the streets.

"It's too far from pension day," said the officer, "for a certain crowd of hangers-on to come in. These people depend entirely upon the good-hearted veterans for spending money; and when this is gone they go dry and behave themselves until the next pension day."

The thunder storm visited the city the police and a number of hangers-on loafers and vagrants in the park, and many of them had been run in. In the Capitol grounds Special Policeman Austin found Michael Cavanaugh and Thomas Kelly holding up a fight.

"They were drunk," the officer told Judge Kimball. "I had seen them in the grounds of the Capitol two or three days, and yesterday when I saw them begging I arrested them."

Both men pleaded guilty, and were sentenced to thirty days on the farm.

Fears Night Doctors.
A combination of beer and imaginary "night doctors" was more than Jennie Timbers, colored, could stand last night. She was heard screaming on the streets about 2 o'clock this morning, and Police Officer Cochran arrested her.

"I met her at 10th and G streets about 1:45 o'clock this morning," stated the officer, "and she told me she was lost. She said she lived in Howardtown."

"That's true," remarked Attorney Peyton, her counsel. "She is a neighbor of mine." "Did she tell you that 'night doctors' were after her," the officer was asked.

"She did not," he answered. "She was drunk and I think she was bewildered." Jennie declared that some strange men were after her, and she became so frightened she thought they were "night doctors."

"How many drinks had you taken?" the judge inquired.

"She was her response." "And what was that?" "A glass of beer," she replied.

"You know, your honor, whiskey is sometimes put in beer, and it makes drunk come in a hurry," she said. "I was a keg than an ordinary glass," suggested the court.

Judge Kimball said it is time people were getting used to the fact that "night doctors" out of their heads, and released Jennie on her personal bonds.

Lewis Cavanaugh's Plight.
Lewis Cavanaugh, who sorely had shirt enough on him to cover his back, was in the procession, and his nervous condition, the police alleged, was due to the use of Scott's Emulsion Liqueur.

"I've seen him drunk several times during the past week," Police Officer Arenales told Judge Kimball, "and last night he went in a saloon and asked for a drink. I think he had been drinking for some time."

Cavanaugh denied the charge and said he had a good home.

DEFENDANT'S REPLY.

Mr. Sayre's Answer in Suit of Miss Maud Porter.

In a suit in equity recently instituted by Miss Maud T. Porter against Adolph M. Sayre, involving certain stock transactions, the defendant, through Attorneys Carlisle and Johnson, late yesterday afternoon placed on record his answer to the plaintiff's bill. Miss Porter, in substance, alleged that she had placed in the hands of Mr. Sayre for investment the sum of \$25,000, and although he had reported enormous earnings it had been impossible for her to secure an accounting or the return of the original sum turned over to him.

Mr. Sayre's answer is of considerable length, and describes in the most minute detail various stock transactions. The first sum placed in his hands, he says, was \$50, given him by William B. Le Duc, with the request that he invest it with the Le Duc. He made a small profit, but did not learn until after the success that the \$50 did not belong to Mrs. Le Duc, but to Miss Porter, as was explained by the latter.

Miss Porter later accepted other money from Miss Porter to invest with the Le Duc. He made a small profit, but did not learn until after the success that the \$50 did not belong to Mrs. Le Duc, but to Miss Porter, as was explained by the latter.

Mr. Sayre maintains that she had no right to require him to sell the stocks in which the money was invested. A note in which the money was invested, and an accounting was received by Mr. Sayre, he had been served with the process upon the filing of her suit.

In conclusion, Mr. Sayre declares that he is ready and willing at all times to pay to Miss Porter the amount due her, and he contends, in view of all the circumstances, that the court should dismiss her bill in equity against him.

The meeting will be held in the Congressional Church building, on April 28, at 8 o'clock, when members of the society and of all the affiliated societies, including the National Geographic Society, are invited.

The subject of the address is "Japan." Dr. Bell will avail himself of the opportunity to bring before the scientific circle of Washington the fresh impressions and more mature conclusions formed during his travels in the Japanese Islands last autumn, also the educational institutions and conditions, especially the system of university fellowships, which enables youths of limited means to acquire the highest education.

The lecture will be given by Dr. Bell and with views taken by Dr. Bell and his family.

Captured by Deputy Sheriff Hickey of Prince George's County—Bad Record Given Him.

Samuel R. Curtis will be arraigned in the Police Court tomorrow on the charge of stealing a horse and buggy from Mr. Geo. W. Jackson of Takoma Park. The property was recovered before Curtis had an opportunity to dispose of it. The accused man was arrested by Deputy Sheriff Hickey of Prince George's county, Md., near Beltsville, Md., for Detective's Parham and Galtner, who were assigned to the case by Inspector Boardman. The outfit was taken from a place in front of the District building while Mr. Jackson was inside attending to some business. After reporting his loss to Inspector Boardman Mr. Jackson spent several hours trying to find his property in Washington, believing that an effort would be made to sell it here.

Inspector Boardman meanwhile had promptly communicated with Deputy Sheriff Hickey, who was directed to look out for the team, which it was thought might be headed for Baltimore.

The message was received by the operator as the team was passing Carr & B. stores in Hyattsville, in which the telephone instrument is located. Mr. Hickey started immediately in pursuit. He overtook the young man jumped from the buggy and ran into a dense woods adjoining the road and was soon lost sight of. The officer secured the team, and with the assistance of Constable Harris, soon located his man, who was at the time running across a field about half a mile distant. A lively chase ensued, and it was not until the deputy sheriff threatened to shoot that the fugitive stopped. He was taken back to Hyattsville and the Washington authorities communicated with.

Prisoner's Alleged Record.
